Story: The Lilypad Adventure

Once, a brave little mouse and a fluffy yellow chick decided to cross the wide river in their leaf boat. The waves were a bit big, but they worked together. Near the far bank, they met a gentle turtle named Pip. Pip told them about a secret island full of the sweetest berries. "I'll guide you!" Pip said. A curious bunny on the bank clapped, and a happy little mushroom on a lilypad cheered. It was the best adventure ever, full of new friends and yummy treats.
